Harmonix  
Deluxe Memory  
Boy

Delay is one of the most versatile effects you can add to your pedal board. Here we feature five of the best delay pedals from the Total Guitar review archives.

### Electro Harmonix Deluxe Memory Boy

We said: "The Deluxe Memory Boy has all the features you could need from an analogue delay pedal, and then some. The amount of experimentation and control that's on offer from EHX's offering means that you can really get stuck in. We love it."
